

Wellness Checklist Single School

Updated SEPT 2016

RIDE Child Nutrition Programs

Date: March 21, 2018 **District:** Barrington **School:** Hampden Meadows School

Name & Title of Person(s) Completing Checklist:	<u>Tracey McGee- Principal</u>	<u>Lauren Graham PE/Health</u>
	<u>Ingrid Freeman - PE/Health</u>	<u>Melissa McDonald- CSNT</u>

All RI school districts are required by federal and state law to adopt a Local Wellness Policy to address comprehensive nutrition and physical activity in the school setting. Individual schools must implement the provisions of the Wellness Policy and be measured on the extent to which they are in compliance so the district can report progress to the school community, as required.

The purpose of this checklist is to assist your school in identifying areas where you have been successful in achieving your school wellness goals and complying with your district policy as well as to help identify priority areas where you can focus your future efforts.

The standards for comparison have been adapted from USDA regulations, RI General Laws and regulations, and national model policy language and exemplary practice provisions. You will need to refer to your own District Wellness Policy for provisions specific to your school district.

This Checklist can be completed by any person(s) at the school level who is familiar with school wellness curriculum, activities, practices and programs. It is likely that no one person will be able to accurately address all content areas so it is recommended that other knowledgeable school personnel (Principal, Food Service staff, PE teacher, Health teacher, School Nurse, PTO leader, etc.) be asked to contribute information and answers.

This checklist is a pdf designed to be filled out electronically with free Adobe Acrobat Reader software. If you need the current version of Adobe Reader, you can download it here: <https://get.adobe.com/reader/>

=
 Total should equal 48 standards

School Wellness Checklist

updated April 2016

After completing this Checklist, use your findings to report:

COMPLIANCE (successes that your school can celebrate and publicize):

- 1) We concentrate on Social Emotional Learning and progress monitor through our School Improvement Team goals.
- 2) Recess Rocks grant was awarded to the school
- 3) We offer 30 minutes of free play before school and 30 minutes at lunchtime for recess

AREAS IN NEED OF IMPROVEMENT (obstacles that your school can focus on for improvement):

- 1) Changes need to be made to go back to three lunches instead of two.
- 2) Increase Health and PE to 100 minutes weekly
- 3) Professional groups for health and wellness for teachers

Plans for overcoming obstacles:

- 1) Scheduling
- 2)
- 3)

Other notes:
